

Creative Designs and Unsurpassed Construction...  
The Industry Leader for 20 Years.

ASSE 1060 Certified

*DURAFOLD™* enclosures have been lab tested and certified by ASSE as meeting standard #1060 requirements for freeze protection, structural strength, drainage capacity, material construction, equipment access and functional design. *DURAFOLD* features "fold down" composition for shipping, handling and warehousing, and, "flip open" access in front (rear) and roof for easy maintenance and testing of the equipment housed within.
